**HONOURING FEMALE CLEANERS OF THE HOSTEL**

The girls of Amrita Shergill girl's hostel, PURC Ludhiana got an opportunity to celebrate International Women's day in conjunction with Swachh Bharat Abhiyan. So it was decided that something unique must be done this time. It was felt that appreciating those women who play a key role in cleaning the hostel would be a fit way to celebrate International Women's Day. The residents of the hostel contributed money and bought gifts for Ms. Rachna who is the hostel cleaner and Ms. Indu who is the mess cleaner. These two women put in their labour constantly so that the hostel is clean and beautiful always. Appreciating their efforts on International women's day was highly encouraging to them. They were presented with a gift each by the hostel warden, Dr. Harpreet Kaur Vohra in the presence of all the residents. This small token of appreciation put a big smile on their faces and will also encourage them to work even harder. Swachh Bharat Mission is a clean India campaign to achieve the goal of cleanliness and hygiene all over India and it was only befitting to celebrate this mission on International Women's Day by lauding the efforts of these women, who are contributing everyday, to the goal of a clean India.
