UNIVERSITY INSTITUTE OF LAWS: A SILHOUETTE

'An educational system isn't worth a great deal if it teaches young people how to make a living but doesn't teach them how to make a life.'

With a vision to provide quality education to students, to enable them to excel in the legal sphere, University Institute of Laws (UIL), has made its presence felt in the legal world ever since its inception in July' 2003. Since then, everyone is working hard to realize this vision by imparting not just learning, but value and ethics based integrated learning, since moral values can't be taught, they have to be caught. UIL has fulfilled a long cherished dream of having a Centre of Excellence in Legal Education in the Manchester of State of Punjab (Ludhiana) through Late Lala Lajpat Rai, Member of Rajya Sabha. Presently the institution imparts legal education through three courses, LL.B 3 year and B.A. LL.B (Hons.) 5 year integrated course and LL.M 2year course. The UIL have been established to serve as the pre-requisite of universalization of education in general and legal education in particular. On the whole, the objective of UIL is to equip the learners with the skills of eminent advocates, professionals and academicians. Multiple initiatives such as this are being carried out under the visionary leadership of Prof. (Dr.) Raj Kumar, the present Vice-Chancellor of Panjab University, Chandigarh.

ABOUT FACULTY DEVELOPMENT PROGRAM

The seven-days online Faculty Development Program (FDP) on Multi-Faceted Justice: Law and Beyond is aimed to accentuate the pedagogical and research expertise of budding researchers, professionals and academicians from multi-disciplinary streams. The FDP intends to equip and enable participants to furnish their knowledge about contemporary developments emerging across the globe permeating various specialized fields of social sciences, law and literature. The FDP would shape up the understanding of recent tools and methodologies which are deployed by scholars and experts within legal field and scientific discipline. The interactive and inclusive session would bring us across novel, tried and tested, result driven and impact based methods of pedagogy and research. This method would also help the participants to transgress the discipline confines and present and develop scientific temperament which would benefit even the future generation.

SUB-THEMES

- *Constitutional Outlook of Justice*
- *Diversity, Inclusiveness, Sustainability and Cultural Latitude*
 - *Gender Equality and UN Sustainable Development Goals*
 - *Societal Challenges for Justice*
- *Public Financial Management and Economic Growth for Justice*
- *Social Entrepreneurial Ecosystem for a More Sustainable and Resilient Society*
 - *Industrial and Infrastructural Innovation for Productivity and Justice*
 - *Sustainable Business Model for Social Justice*
